How to Assemble Your Claim Packet

When you submit a claim, you are basically arguing your case, similar to how a lawyer might try a case before a judge. Therefore, it is important that you make a case that is complete by assembling the required materials ahead of time before you submit your claim.

How to Check the Status of Your Claim

You may contact the Committee on Finance at **312-744-8861** to follow up on the status of your claim or the

As long as your claim passes administrative review at the Office of the City Clerk (in other words, your claim form is completely filled out, has all necessary attachments, etc.), the Office of the City Clerk will introduce your claim to the City Council/Committee on Finance at the soonest future City Council meeting. (City Council usually meets once a month, with the exception of August, which traditionally has been an off-service month.) At that time, your claim will be assigned a claim number such as “CL2012-1234.”

You can monitor the status of this claim (e.g. passed or failed to pass, referred to committee, etc.) by searching for the claim number on the Clerk’s Legislative Information Center. Just navigate to the “Legislation” section and search by the claim number.

Please be aware that traditionally, claims can take at least several months to pass through City Council. This timeframe is driven by several factors, including the time it takes for the Committee on Finance to conduct an investigation into your claim, which can involve contacting various City departments to respond to your claim.
